It is all in our hands

Let us join hands and walk on the path Martin Luther King Jr. paved for us. Please join our "Miracle Movement" to foster friendships among all Americans by bridging the cultural and religious gap. No forums and no teach-ins; just good food, good company, good conversation and a chance for us all to get to know each other a bit better. Just one rule to follow: nurture old friendships and sow the seeds of new ones. AMV Foundation is striving to create a culture of peace, acceptance, mutual respect and harmony. Together we can build an inclusive, peaceful and beloved nation for us, our kids and their kids.

Fun for All

Bring your family, friends, colleagues and neighbors. We will provide ethnic Pakistani food, kids activities and cultural experience.

Optional: You can bring your favorite salad or dessert to share.

Most importantly we would like you to share your vision of our beloved, peaceful and inclusive nation through poems, essays, songs, skits or spoken words.

*Feel free to bring your written questions about Islam and Muslims.
We will answer your questions by email.*
